Continue on back

In *language arts* we will continue reviewing ALL of our letters. Please review letter/sound connection with your child. At this time we are expecting your child to be able to blend sounds together to hear words. They should be able to also build a word if you say it. For example: What letters would I need to write the word "yip?" They may need to be reminded to "use their fingers to spell the word." The reading words for the week are: **her** and **want**. Our other reading words are: **I, see, a, like, my, the, go, to, he, and, you, is, for, said, are, from, have, was, we has, put, your, with, here, they, play, of, what, me, she, where, do, that**. Please review recognition/sound connection of letters and words that we have introduced.

In *math* we will be working on Topic 16: Analyzing, Comparing, and Composing Shapes. Your child should be able to: Identify and draw figures that are the same shape/size, recognize that shapes can be combined to make other shapes, identify solid figures that roll, stack, and/or slide on a flat surface, and make shapes by combining 2 solid figures. **The math test will be (TOMORROW) Tuesday, June 11th.**
